

Environmental Health

Dedicated to the advancement of the environmental health professional

Volume 85, No. 3 October 2022

ABOUT THE COVER

On June 28–July 1, 2022, the National Environmental Health Association held its 85th Annual Educational Conference (AEC) & Exhibition in Spokane, Washington, bringing together environmental

health professionals from across the country and globe. The 2022 AEC marked the first time since 2019 that we were able to reconnect in person. The 2022 AEC was offered as a hybrid event, providing education and interaction for in-person and virtual attendees. We feature a special wrap-up of the 2022 AEC in this issue, highlighting our featured speakers, educational sessions, social events, exhibition, and award and scholarship winners.
